

Fundraising for Schools and Parents

Your school can help us be there for every child

About us

Jigsaw (South East) supports children and young people who have been bereaved or are facing the loss of a loved one, across Surrey, Mid Sussex and West Kent.

How we help

As a child, losing a parent can be a devastating and life changing experience. Through our dedicated Preparing for Loss and Grief Support Services, we help children to cope, manage their grief, and start to rebuild their lives.

Your support matters

Demand for our service is high and we need to raise over £250,000 annually to provide our vital services to local children and families.

Supporting children through the loss of a loved one

What your Donation Means

Your school can help us be there for every child

£10

could pay for memory workbooks for five children facing loss; giving them a personal space to write about their thoughts, feelings and treasured memories.

£20

could fund a session with a bereavement support worker, giving advice and guidance on how to support and talk to a child in the initial days following their loss.

£40

could fund a 1:1 session with our Preparing for Loss team, supporting children facing the loss of someone they love, and giving the family tools to help them cope.

On average, 1 child in every school class has experienced the death of a parent or sibling.

Simple Fundraising Ideas

Your school can help us be there for every child

Non School
Uniform or
Fancy Dress
Day

'Your School's Got Talent'
competition
