"Light the Way" for grieving children and young people

Registered with FUNDRAISING REGULATOR

ABOUT JIGSAW SOUTH EAST

At **Jigsaw South East**, we are dedicated to helping children, young people, and families navigate life after the devastating death of a loved one or as they prepare for an imminent death. Our services provide essential support, guidance, and resources to help children, young people and their families heal, while also offering professionals the tools and training needed to support their grieving.

By partnering with us, your business can help us "Light the Way" for grieving families across Surrey, nearby areas of East and West Sussex and Kent. Children and young people experiencing grief are vulnerable to long-term emotional and mental health challenges if left unsupported.

Regular or multi-year fundraising from partners like you enables us to sustain and grow our services so that no child in need of bereavement support is left behind. In the UK, **1 in 29 five to sixteen-year-olds has been bereaved of a parent or sibling** – that's a child in every average class. Together, let's ensure that every child and young person can find hope and resilience in the face of bereavement.

MotoNovo, DSG and Merdian Finance raised £9000 in an Olympic triathlon.

WHY PARTNER WITH US?

Your company can help us to be there for every child.

In today's business landscape, standing out is about more than just offering a great product or service—it's about making a difference. Since January 2022, UK law mandates Environment, Social, and Governance (ESG) reporting for large companies, but ESG isn't exclusive to industry giants. Customers increasingly choose brands that align with their values, rewarding businesses of all sizes that demonstrate a genuine commitment to ESG. A corporate-charity partnership is your opportunity to make a meaningful impact while unlocking powerful business benefits.

Donations to charities are tax-deductible, reducing your Corporation Tax, by giving money, equipment, or sponsorship to charities, your company can claim tax relief by deducting the value of your donations from your total business profits before you pay tax. You can find out more about how your business can benefit from tax relief by visiting the Gov.uk Business Tax section.

The death of a parent or loved one can turn a young person's world upside down. Without the right support, the emotional impact can be overwhelming, leading to challenges with mental health, struggles in school, difficulties building healthy relationships and a heightened risk of isolation. And supporting a bereaved child as a parent or carer can be especially challenging if they are trying to cope with their own grief or are also facing the imminent death of a loved one. This can impact on their wellbeing and ability to work.

By partnering with Jigsaw South East, your business can help us change that. Your support would allow us to provide compassionate, specialised care that empowers grieving children, young people and families to process their bereavement in healthy ways, helping them build resilience and move forward with confidence. Together, we can make a lasting difference in young lives, ensuring that no child facing bereavement has to navigate it alone.

Together, we can:

- Light the Way for Grieving Children and Young People: Providing access to free, experienced support for children and young people affected by bereavement or facing the death of a loved one.

- Extend Our Reach: Expanding our services to more children, young people and families and professionals in need across Surrey, nearby areas of East and West Sussex and Kent.

- Create Lasting Impact: Building resilience in grieving children and young people, equipping them with tools for emotional wellbeing that will shape their future success.

WHY PARTNER WITH US?

Your company can help us to be there for every child.

A great example of this is Bridges Fund Management, whose team raised £15,000 in memory of a colleague. Their support not only helped support bereaved children and young people, but also brought their team closer together through a shared cause & purpose, working together to make other people's lives better.

"Jenny worked for Bridges for many years and her tragic loss affected a number of us very deeply. So when we heard about the vital work Jigsaw has been doing with Jenny's family, we were keen to do our bit to help this brilliant charity."
Barbara Storch, Director of Bridges Impact Foundation

OUR SERVICE OFFERING

How we light the way

At **Jigsaw South East**, our services are designed to meet the needs of grieving children, young people, families, and the professionals who support them. We also provide a pre-bereavement service for children and young people, who have a family member with a life-limiting condition and are receiving end of life care. As a family led service, our support is tailored to each individual family's needs. We provide a comprehensive range of support that can be accessed without the need for a referral, and further, specialised services for families who have been referred to us.

Our unique flagship Pieces programme is a structured group support programme for bereaved children and young people, alongside a supportive adult (eg. parent or carer). We offer a primary programme for children aged 4-11 and a secondary programme for young people aged 12-18. Delivered within a compassionate, nurturing environment, our programme explores how to cope with grief and understand emotions, alongside offering families an opportunity to connect with others experiencing grief. We also provide essential training for professionals, helping them form a strong foundation of support for children managing their grief. By piecing it all together, we create a complete picture of care that supports children and young people through the death of a loved one.

HOW YOUR DONATIONS MAKE A DIFFERENCE

Every donation you make provides vital support to children, young people, and families who are navigating the heart-breaking journey of grief. By partnering with us, you and your company can help:

- Offer vital 1:1 support to pre bereaved/bereaved children and families, giving them the space to heal.
- Deliver grief support pieces programmes and create connecting social events that foster hope and understanding.
- Expand our outreach to schools and communities, reaching those who need us most.
- Extend our services to even more children, young people and families who have yet to access the support they deserve.
- Sustain and grow our essential services, ensuring we continue to offer high-quality, specialised care for those who need it most.

Bereavement doesn't discriminate—it touches us all, regardless of age, background, or circumstance. By supporting Jigsaw South East, your business will make a tangible difference in the local community while also having a positive impact on your staff. Supporting a cause like ours deepens your team's sense of purpose and pride, fostering a more connected and compassionate workplace. Your ongoing contributions will also help us engage in the broader national conversation on bereavement support, building a network that ensures all children and young people, no matter where they are, have access to the care and resources they need to navigate grief and create positive futures.

Together, we can make a lasting impact.

GETTING STARTED

Partnering with Jigsaw South East is simple and rewarding. Whether you commit to £3,000, £5,000, or over £10,000 annually, your support will help us "Light the Way" for grieving children and families.

To discuss a bespoke partnership or make an enquiry, please contact:

Freddie St George MBE, Grants & Business Partnerships Manager
07483 140856 | FreddieStGeorge@jigsawsoutheast.org.uk

Thank you for considering a partnership with Jigsaw South East. Together, we can build brighter futures for children and young people navigating their grief.

Together, we light the way through grief.

"Jigsaw South East has given us the tools to help us deal with our grief."
